DINING GUIDE +

WILD JOE
OFFER

Bozeman offers a wide array of wonderful cuisine ranging from a Montana cattleman's cut to gourmet pizza.

The following list includes restaurant/lounges and delis that are Chamber members.

As of 2009, all public indoor areas are smoke free.

\$ = up to \$10 per person | \$\$ = \$10 to \$25 per person | \$\$\$ = \$25 to \$50 per person

CROSS COUNTRY SKIING IN BOZEMAN

The mountains and meadows of Bozeman, Montana, hold some of the best cross country skiing in the country. There are 70+ km of tended and groomed ski trails—including a loop with snowmaking in downtown Bozeman. Combine that with another 45 km of trails at Crosscut Mountain Sports Center, adjacent to Bridger Bowl, plus destination ski touring areas in an easy day's drive, and you'll find that Bozeman is a Nordic mecca for both professional and recreational skiers.

CROSSCUT MOUNTAIN SPORTS CENTER

Located in Bridger Canyon, adjacent to Bridger Bowl, Crosscut includes 45 km of skate and classic skiing, as well as narrow-gauge snowshoeing, fat biking trails, and access to uphill travel for backcountry skiing. A 25-minute drive from downtown Bozeman. Day pass: \$30 for adults; \$25 for seniors/college students/military; \$20 for youth, children under 10 free. www.crosscutmt.org

COMMUNITY NORDIC TRAILS

84 km of "free" groomed ski access). These trails are on a combination of private, Forest Service, and city land. (This system is unique: skiers are asked to support the donor-funded grooming with voluntary trail passes, but those who can't afford a pass can still ski!) Passes and grooming reports at www.bridgerskifoundation.org/trails.

There are seven groomed locations in this system:

HIGHLAND GLEN (10 KM)

Features rolling terrain through fields, sagebrush, and low hills close to downtown.

Parking: at the Softball Complex lot, on the corner of Ellis St. & Highland.

SUNSET HILLS (5KM)

This loop winds up and down through a large field nestled between Lindley Park and the Bozeman Health Deaconess hospital. It's the go-to spot for after-school ski programs, lunch, and post-work skis. BSF has snowmaking here, making it perfect for low-snow and spring-skiing conditions.

Parking: at the Softball Complex parking lot, on the corner of Ellis St. & Highland.

BOZEMAN CREEK/ SOURDOUGH CANYON (25 KM)

Bozeman Creek (aka Sourdough Canyon) is a wide track that gradually climbs up the canyon alongside Bozeman Creek in the national forest, with both classic and skate lanes. This is a popular multi-use trail, so expect to see lots of dogs, walkers, and skiers in the first few miles. Ski to Mystic Lake and back for 32 km (about 20 miles).

Parking: at the trailhead at the end of Sourdough Canyon Rd. Or access the upper reaches of this trail via Moser Trailhead in Hyalite Canyon.

BRIDGER CREEK GOLF COURSE (8 KM)

The Bridger Creek Golf Course provides some of the best beginner and intermediate

in-town cross country skiing in Bozeman, with beautiful views of the Bridger Mountains.

Parking: at the golf course's clubhouse, 2710 McIlhatten Rd. There are loops on both sides of the road. Do not park in residential areas.

HYALITE (36 KM)

Hyalite Canyon serves as the recreational hub of Bozeman. The Forest Service's winter trail system provides endless miles of cross-country skiing—both groomed and ungroomed—throughout the canyon. Most of the 30 km of groomed trails here are better suited to classic skiing. The Custer-Gallatin National Forest provides the primary grooming, with assistance from the Bridger Ski Foundation. The grooming here is less frequent.

SACAJAWEA MIDDLE SCHOOL (1 KM)

This 1 km loop is located on the athletic fields behind the school, with flat, beginner-friendly terrain. The public is welcome to use this trail outside of school hours.

CHIEF JOSEPH MIDDLE SCHOOL (1.24 KM)

Beginner-friendly trails at this middle school are open to the public outside of school hours.

SKI KIND

When we ski, we are our best selves, whether we are speeding along, shuffling, or just learning to stay upright. Together, we can share the trail, ski safe, and make this a welcoming place for all.

SKI KIND

Bring your best self to the trail and spread the joy of skiing. Share your knowledge and help others.

SKI NO TRACE

Leave only tracks. Don't leave poop (yours or your pup's) or trash near the trail.

SKI INCLUSIVE

Share the trail with all speeds and abilities. Yield, slow down, and give a friendly hello to make everyone feel welcome.

SKI AWARE

Know what type of trail you're skiing and the rules

for that location. Be aware of terrain, grooming equipment, and other trail users.

SKI SUPPORTIVE

Give back to the trails you ski. Volunteer. Donate to local trail organizations.

BOZEMAN YELLOWSTONE INTERNATIONAL AIRPORT

Bozeman Yellowstone International Airport (BZN) is Montana's busiest airport and serves as a year-round gateway to Yellowstone National Park. BZN also serves the recreation areas of Big Sky Resort and Bridger Bowl as well as the business centers of Bozeman, Belgrade, Big Sky and Livingston and higher education at Montana State University and the Gallatin College. BZN is host to eight airline brands offering coast-to-coast nonstop service to more than 20 cities in the United States. Our 40 entities, with offices at the airport, employ over 1,500 people. *Seasonal destinations are noted in red.

For more information about Bozeman Yellowstone International Airport visit bozemanairport.com or follow Bozeman Airport on Facebook

Karst Stage, Montana's premier transportation company, has a rich tradition in the Gallatin Valley. Current co-owner and General Manager Dan Martin says, "Over a century ago, Pete Karst delivered mail from Bozeman to West Yellowstone by stage coach and floated logs down the Gallatin River."

While the business has been around a long time, Martin explains how they treat every day and opportunity as a new one. "Since the business's inception, there has been a recurring theme of change. We have always tried to seize the opportunities by being community driven."

An example of this is that Karst is contracted to run both the Bozeman (Streamline) and Big Sky (Skyline) transit systems. Based on community feedback, Karst pitched the idea of linking the two systems together to Skyline, and now they run 8 roundtrips daily.

Some of those connections reach far beyond the community because Karst run airport shuttles out of Bozeman Yellowstone International airport. Martin says, "People come into our beautiful airport from all over the world and call us to transfer them throughout Bozeman, Big Sky and

the Gallatin Valley. Our Yellowstone Day guided day trips have also become really popular. With our new location in Billings, we have really branched out to cover the majority of the state."

Karst has 20 charter buses to choose from including mostly Prevost motorcoaches—the world's most premium passenger coach. The coaches go anywhere from a local wedding to 14 day charters through numerous western National Parks.

Today the company employs nearly 100 people, and has about 50 vehicles to choose from. Martin concludes, "We are carrying on Pete Karst's torch. Over a half million passengers travel on our vehicles to business meetings, on vacations, and to special events. But it's our driver's willingness to share their Montana experiences and their focus on safety that will make our passengers vacations stand out."

Museums

American Computer & Robotics Museum

"The most educational and inspiring experience in Bozeman." – TripAdvisor

The American Computer & Robotics Museum is the oldest continually operating museum of its kind in the world! Our exhibits span 4,000 years of invention and innovation, from original cuneiform tablets to today's quantum computers, and include tons of information and amazing artifacts on topics like Quantum Computing, the Apollo Program, Cracking the Enigma Code, Mechanical Marvels, and more. We've earned a Certificate of Excellence from TripAdvisor for eight years running, and are consistently ranked among the Top Things to Do in Bozeman. Visit the museum to see why distinguished Harvard scientist Edward O. Wilson called us, "Inch for inch, the best museum in the world!"

Gallatin History Museum

Step back in time and learn about Gallatin County's rich heritage. The Gallatin History Museum is located in the former county jail built in 1911. In addition to jail cells and a hanging gallows, the museum maintains displays illustrating the unique histories of a variety of people who have called South-west Montana home. Permanent and changing exhibits feature early area history and artifacts, unique local stories, photography, and jail and law enforcement displays. Visitors can step inside a log cabin, view a model of old Fort Ellis, or browse the bookstore full of titles from area authors and historians. The research center has a photo archive of over 20,000 images. The museum is within easy walking distance of downtown Bozeman's many restaurants, art galleries and shops.

For more information on hiking in Montana visit www.gvlt.org

DRINKING HORSE

Distance: 1.2 miles one way

Directions: Head north on Rouse (eventually becoming Bridger Canyon Dr.) from downtown Bozeman. Turn right into the Fish Technology center and look for trailhead parking.

SYPES CANYON TRAIL

Follow a creek-fed canyon on the west side of the Bridger Mountains. The hike leads through a lush, shady forest and up the south canyon wall.

Distance: 2 miles one way

Directions: From I-90 and 7th Ave overpass, Dr. 2 miles north on 7th Ave, which becomes W. Frontage Rd., to Springhill Rd. Turn right and continue 3.2 miles to Churn Rd. Turn right and go 50 yards to the signed trailhead at the end of the road.

TRUMAN GULCH

Distance: 4 miles total

Climb: about 1,000 feet

The stream-fed drainage sits between Saddle Peak and Ross Peak, just to the west of Bridger Bowl Ski Area on the Gallatin Valley side of the range

Directions: Heading north on Springhill Road, travel 8.5 miles to Springhill Community Road on the right. There will be a sign for Truman Gulch. Turn right and continue for 1.6 miles to Walker Road. The Springhill church is on the corner. Turn right and Dr. 1.1 miles to Forswell Road on the left. Continue 3 miles to the trailhead at the end of the road.

GARNET MOUNTAIN LOOKOUT

Distance: 4 miles one way

Climb: about 1,850 feet

Directions: Follow US Highway 191 south of Bozeman toward Gallatin Canyon. Watch for signs for Storm Castle Rd. Cross the bridge, turn right, and continue for about 2 miles.

HIDDEN LAKES

Distance: 3 miles one way

Climb: about 1,760 feet

Directions: Follow US Highway 191 south of Bozeman for 38.6 miles to Portal Creek Road. Turn east on Portal Creek Road and continue southeast for 3.3 miles to the Junction of Hidden Lake Road. The trailhead is 2.6 miles southwest on Hidden Lake Road.

PIONEER FALLS

Distance: 3.5 miles one way

Climb: about 800 feet

Directions: Follow Main St. from Bozeman, W. Main/Huffine Lane becomes HWY 191. At Four Corners, turn left to stay 191 South. Turn right on Spanish Creek Rd, a gravel road on the right hand side. The road sneaks up on you after going around several corners. If you go past, there are several turn abounds along the road. Follow the gravel road for about 9 miles, passing through Ted Turner's Flying D Ranch along the way.

RAT LAKE

Distance: 0.75 miles one way

Climb: about 160 feet

Directions: From Four Corners, follow 191 south for 16.5 miles. Turn left on the bridge across the river. Once over the bridge, take the road to the right. Follow the road for about 6 miles (a few minutes in, take the right fork [there's a sign for Rat Lake]). The Rat Lake trailhead is unmarked, but you can see the trail go off to the right and there's a large area for parking. The road afterwards curves to the left and goes upward to a VERY rough road.

SWAN CREEK

Distance: 5 miles one way

Climb: about 1,800 feet

Directions: Dr. West on Main St/Huffine Lane to Four Corners. Turn left onto HWY 191. Dr. 24 miles South to Swan Creek Rd on the left. Dr. 1.5 miles to trailhead.

HYALITE DRAINAGE

PALISADE FALLS

Towering cataract that drops more than 80 feet off a vertical rock at the Southern Base of Palisade Mountain.

Distance: .5 miles one way

Directions: From 19th Ave Dr. south 7 miles to Hyalite Canyon Rd. Turn left and continue past the Hyalite Reservoir and continue on the gravel road. At the fork, take a left towards Palisade Falls.

GROTTO FALLS

Enjoy the forest and see a beautiful waterfall.

Distance: 1.25 miles one way

Directions: From Bozeman Dr. south on 19th St., 7 miles to Hyalite Canyon Road. Turn left on Hyalite Canyon Road & travel 12 miles to Forest Road 62. Take a right driving south for 1.9 miles to the end and the trailhead.

HYALITE PEAK (elev. 10,229 ft)

View 11 waterfalls up close, and that's not counting the smaller ones on the cliff's that rise up on the sides of this canyon.

Distance: 7.2 miles one way

Climb: about 3,300 feet

Directions: From Main St. in Bozeman, take 19th St. south away from the city. Follow 19th Ave to Hyalite Canyon Road, and take a left. Follow this road past Hyalite Reservoir and continue on the gravel road. At the road fork, take right towards Grotto Falls. Follow the road until the end, which is the trailhead parking area.

MOUNT BLACKMORE (elev.10,154 ft)

Distance: 5 miles one way

Climb: about 3,450 feet

Directions: From 19th Ave Dr. south for 7 miles to Hyalite Canyon Road #62. Turn left. Proceed south for 9.7 miles to the History Rock turnoff. The turnoff is on the west side of the road just 1 mile north of Hyalite Reservoir.

HEATHER LAKE

Distance: 6 miles one way

Climb: about 2,100 feet

Directions: From 19th Ave Dr. South 7 miles to Hyalite Canyon Rd. Turn left and continue past the Hyalite Reservoir and continue on the gravel road. At the road fork, take a left towards Palisade Falls. Follow the road until the end, which is the trailhead parking area.

BELGRADE

Incorporated in 1906, this important wheat shipping and milling center and one-time home of the famed Belgrade bucking bull, was established. A Serbian who purchased land in the vicinity is thought to have named Belgrade after the capital of his country. The first steel grain elevator in Montana was built here in the summer of 1904 by the Gallatin Mining Company.

MANHATTAN

A far cry from its New York cousin, Manhattan's claim to fame is its annual Manhattan Potato Festival, featuring potato products from local farmers. Initially called Moreland, families from the Netherlands moved in to grow near the new little town of Manhattan-renamed in January 1891 by a group of New York City investors who operated the Manhattan Malting Company. Incorporated in 1911, it was established in 1884 on the new railroad line.

THREE FORKS & MISSOURI HEADWATERS STATE PARK

The town of Three Forks is situated at the headwaters of the Missouri River. This area is the geographical point where the Gallatin, Jefferson, and Madison Rivers join to form the Missouri River and has some of the most colorful early history in Montana. It was significant to Lewis & Clark on their epic journey, to fur trade, and to the early Montana settlement. In addition, Three Forks was the crossroads of Indian trails. It was here that, just west of town, Sacagawea was abducted from her tribe, the Shoshoni, as a child. Later, as an adult, she famously guided the Lewis & Clark Expedition through the area.

The Lewis & Clark party arrived at the headwaters of the Missouri River in July 1805 and camped a week along the Jefferson River just above the headwaters while Clark recovered from a fever. In 1806, Clark was guided by Sacajawea across the valley from Three Forks to the pass leading directly into Yellowstone.

Visit the Headwater State Park or the Headwaters Heritage Museum in downtown Three Forks for more history on the Three Forks area. On your visit, you can enjoy camping, hiking, wildlife viewing, picnicking, and historical interpretive sites. The Missouri Headwaters State Park is located four miles north of Three Forks just off Interstate 90 and is open year-round. Parks fee charged.

VIRGINIA & NEVADA CITY

Once a booming gold mining town, Virginia City was also the original capital of Montana territory. Located 14 miles from Ennis on Highway 287, Virginia City offers visitors the opportunity to walk along boardwalks and relive a part of the past. Both historic

and architecturally significant, the past comes alive, and your imagination will take over when you visit the restored buildings in this city frozen in time.

Virginia City's Opera House offers summer stock theater, providing night after night of authentic Victorian theater and a rollicking vaudeville variety show. This is Montana's oldest professional theater, and it is not to be missed. Once a lawless town, Virginia City's darker history includes many tales of vigilantism, widely considered to be a blight on the history of Montana. Visitors to Boot Hill will find the graves of five road agents that were hung in 1864.

LEWIS & CLARK CAVERNS

Located about 1 hour from Bozeman, these spectacular underground caverns offer visitors a chance to take a guided tour through the cave. Discovered in the early 1840s by local ranchers, the caves have been toured by visitors since the early 1900s. Proclaimed the Lewis & Clark Caverns by Theodore Roosevelt, the caverns offer visitors a unique look at nature's underground beauty.

The Park also offers an information center, fireside programs, a café, a gift shop, and shady picnic areas. The Park is open year-round for camping and hiking. The caverns are open for tours from May 1 – September 30. Call for admission fees.

LIVINGSTON

Just over the Bozeman Pass is a taste of the Wild West in Livingston, home of Calamity Jane and many more characters. Jimmy Buffet sings about it in Livingston Saturday Night – "A rockin' and a rollin' on a Livingston Saturday Night." You'll find delicious restaurants, exquisite fare, unique clothing and gifts, as well as The Sleeping Giant resting in the Absaroka Mountain Range, visible just down 2nd street from most places in Livingston. Be entertained by the Blue Slipper Theatre and Firehouse Five Playhouse featuring musicals, drama, and comedy. Visit The Livingston Depot Center which captures the spirit and history of the West through a variety of media, artifacts, photography, art, and costumes. More than 500 objects and photos are exhibited.

GARDINER

Gardiner is located at the north entrance to Yellowstone National Park which features the famous Roosevelt Arch as well as numerous restaurants and shops. Founded in 1880, Gardiner became a center of activity for visitors to the region, serving as the original and only year-round entrance to the park. This frontier town fed and sheltered miners and entertained the early soldiers who operated Yellowstone National Park.

Elk regularly roam around town, while bighorn sheep come down from the mountains to graze within view.

YELLOWSTONE HOT SPRINGS

Yellowstone Hot Springs is located just 8 miles north of Gardiner, Montana and the North entrance to Yellowstone National Park. Our five outdoor, chemical-free pools are supplied by a geothermal source first discovered in 1899 and flowing ever since – at 150 gallons per minute and 150° F! Our Hot Pool is 105°, the Warm Pool between 99-101° and the Cold Plunge at 65°. We offer clean and comfortable changing rooms with restrooms, showers, and lockers. Towels, beverages, snacks, ice cream and pool-related merchandise are available for purchase. We invite you to Relax & Renew!

406-848-4141 | YELLOWSTONEHOTSPRINGSMT.COM

GALLATIN GATEWAY

The agricultural and cattle shipping center was originally named Salesville for Zachariah Sales who settled there in 1865 and operated a sawmill for logs floated down the West Gallatin. Its name was changed in 1927 when it became home to the Milwaukee Railroad's 42,000 square-foot-Spanish style building, the Gallatin Gateway Inn, and the starting point for trips by bus through Yellowstone National Park.

GALLATIN CANYON & THE BIG SKY AREA

There's more to Big Sky than just "Skiing the Sky." Big Sky, just 48 scenic miles from Bozeman, offers a variety of attractions year-round in one of Montana's top recreation spots.

Big Sky and the Gallatin Canyon are surrounded by some of America's most pristine land. The Lee Metcalf Wilderness Area and the Yellowstone ecosystem help comprise more than 3 million acres of land set aside forever for protection and enjoyment. Several mountain peaks are more than 11,000 feet, including Big Sky's own Lone Peak at 11,166 feet. With this serving as a backdrop, visitors can look forward to a trip filled with the finest in outdoor activity and grandeur.

Dedicated and casual golfers alike are presented with a treat and a challenge when they enjoy a round at the Big Sky Golf Course, an 18-hole Arnold Palmer design that will accommodate all skill levels. For those who want to experience the wilderness up close and personal, area stables offer guided horseback trail rides lasting anywhere from one hour to a full day. Scenic gondola rides are also available high above the resort on majestic Lone Mountain. Bring a mountain bike (rentals are available) and ride down, or hike to the top and back down on one of the many trails back to the base area as you take in the breathtaking vistas and stunning wildflower displays. Walk quietly and you might be treated to some wildlife viewing, too. Five blue-ribbon trout streams grace the Canyon area, including the Gallatin River, where the movie "A River Runs Through It" was filmed. Try your hand at a self-guided trip or take advantage of local outfitters who offer guided wading, float tubing, or boat fishing trips. The Gallatin River is also host to white water rafting and scenic floating opportunities.

Special events take place all summer long at Big Sky, highlights by the Big Sky Arts Festival. Featuring classical symphony, jazz, bluegrass, country, folk, and pop concerts, the concerts are festive outdoor events and not to be missed.

Plan a ride down the Gallatin Canyon- it is never tiring and one of the most beautiful trips you will ever take.

HYALITE CANYON & RESERVOIR

The 34,000-acre Hyalite Drainage, part of the Gallatin National Forest, is a spectacular mountain valley that sits between the Gallatin Canyon and Paradise valley just south of Bozeman. This popular recreational area contains a large reservoir built in the 1940s, which today has a holding capacity of 8,000 acre-feet. Its coves and caves, plus an easily accessible pier, offer great trout fishing spots.

Hyalite Reservoir provides drinking water for the city of Bozeman and irrigates the Gallatin Valley. The Hyalite Drainage Recreational Area is surrounded by 10,000-foot mountain peaks, creeks, streams, lakes and numerous waterfalls. The hikes to Blackmore Lake, Palisade Falls, Emerald and Heather Lakes, and the trail to Hyalite Lake all lie in the Hyalite Canyon. This glaciated, carved valley is mesmerizing in its beauty and splendor, and a great getaway for all to enjoy.

HEBGEN LAKE

This reservoir of Northwestern Energy, with a capacity of 331,537-acre feet, supplies supplementary water in dry season to the hydroelectric plants on the Madison and Missouri. Construction of the dam began in 1908 and was completed in 1915. It's a beautiful lake to visit on your way to Yellowstone, do a little fishing, or water skiing in the summer.

QUAKE LAKE

The Hebgen Lake area was rocked by an earthquake that measured 7.1 on the Richter scale August 17, 1959. The after-effect of the earthquake was the formation of a lake, appropriately named Quake Lake. Quake Lake was born when part of the mountainside slid into the Madison River, dropping the earth 19 feet, and damming the water, tragically killing 28 people at a nearby campground. The Earthquake Visitor's Center, staffed by Forest Service, is located on U.S. 287. Hiking trails and campgrounds are also in this area.

WEST YELLOWSTONE

This Montana town was first settled and became an "official" entrance to Yellowstone National Park in 1907, the year the Oregon Short Line branch was completed. In 1908, Samuel P. Eagle and Alex Stuart opened the famous Eagle's Store, a corner store of the town to this day. In 1910-11, the West Gallatin Wagon Road was built from Taylor's Fork to the point which it had reached in 1989. Today, West Yellowstone is an active tourist town sitting at the west entrance to Yellowstone National Park. Its newest attractions are the Grizzly Discovery Center and the National Geographic IMAX Theatre, giving visitors the educational opportunity to view grizzly bears and wolves closely.

Many visitors come to the Greater Yellowstone Area specifically to see its robust wildlife populations. The ability to see wildlife in person, and not in captivity, is a potent and memorable experience. Using high-quality optics, such as binoculars and spotting scopes, allows us to have an engaging and intimate interaction with wildlife without intruding. We see Yellowstone National Park as an entire ecosystem, and we are able to share its story throughout our journey together. Yellowstone Safari Co. guides are well known for their passion for the Greater Yellowstone Ecosystem and as a local, family-owned business, we understand the honor of entrusting us with your experience. It is with this passion and sense of place, that we draw upon to create wonder and excitement for each of our guests on every tour.

Join us for a remarkable tour of this incredible landscape.

YELLOWSTONE NATIONAL PARK

World's Largest Collection of Geysers

Yellowstone National Park, established in 1872 and located primarily in Wyoming, is America's first national park. Contained within its borders are more than 2 million acres of natural wonders, wilderness settings, and unique experiences that await park visitors. Yellowstone National Park sits on top of a dormant volcano and is home to more geysers and hot springs than any other place on earth.

Yellowstone National Park is home to many species of North American wildlife roaming in a wilderness virtually untouched by modern influence. Visitors are treated to the sights of bison, elk, moose, bear, bighorn sheep, deer, antelope and a myriad of smaller wildlife and birds all living free as nature intended. In their protected habitat, most animals are willing to be watched and photographed from a respectful distance. Be cautioned these are wild animals and should be treated and viewed as such.

Geyser Country

Home to more than 10,000 hydrothermal features in the park Geyser Country consists of geysers, hot bubbling pools, colorful paint pots and the world-famous, Old Faithful. Don't worry about a no-show; Old Faithful has rarely missed a "performance" in more than 120 years, shooting steaming water into the sky every 81 minutes. You can walk along the steamy Midway Geyser Basin boardwalk to Yellowstone's largest hot spring, Grand Prismatic Spring. This 370-foot-diameter deep blue pool is ringed with yellow-and-orange colored bacteria, giving it a cool prism effect.

Lodging can be found at The Old Faithful Lodge Cabins, The Old Faithful Snow Lodge and Cabins and the National Historic Landmark, Old Faithful Inn. Geyser Country offers a variety of dining options, gift shops, and interpretive sightseeing tours that take you closer to the land that is a reminder of the earth's fiery beginnings. Nearby, Madison Campgrounds have sites for tents or recreational vehicles.

Canyon Country

The Grand Canyon of Yellowstone is the most breathtaking sight inside Yellowstone National Park. Over 10,000 years in the making by the natural process called erosion and almost twice as high as the Niagara, these 20 miles of twisting canyon and sheer rock cliffs have been carved 1,200 feet deep and up to 4,000 feet wide. From several vantage points, you can view the Lower Falls plunging 308 feet steeply into clouds of mist, or the Upper Falls tumbling down 109 feet. You may also visit Hayden Valley, one of the top spots for wildlife viewing in Canyon Country. Glaciers have shaped the ancient lakebed and deposited the soil that makes this a supreme wildlife habitat.

In Canyon Country, you will find dining, cabins, two lodges and campgrounds.

Mammoth Country

Few of Yellowstone's hydrothermal features have the sheer grace and beauty of Mammoth Hot Springs. Mineral-laden hot waters from deep beneath the earth's crust find their way to the surface and build tiers of cascading, terraced stone. Begun thousands of years ago, the sculpturing of the terraces continues as thousands of gallons of water well up and deposit large amounts of travertine daily.

Mammoth Country is home of the only winter location in Yellowstone that is accessible by automobile. Located near the North Entrance, the Mammoth Hot Springs Hotel offers comfortable accommodations and exquisite dining in a casual setting.

In winter, miles of Yellowstone backcountry offer groomed roads for snowmobilers and cross-country skiing on tracked trails. Continue your stay in Mammoth Country with snow coach tours, ice skating and wildlife tours.

Lake Country

In Lake Country, visit one of the world's largest alpine lakes, Yellowstone Lake. The lake sits within a large caldera that was born by the fire and ice of volcanoes and then carved and filled by glaciers centuries ago. Lake Country is the realm of native cutthroat trout that migrate into meadow streams to spawn, and you may also watch moose, bison and bear, which will wander the cold shores during the winter time in Yellowstone.

Roosevelt Country

Named after the 26th president, Theodore Roosevelt, who once camped near the area, The Old West comes alive in Roosevelt Country. This is the land of rolling sagebrush, fir, pine, spruce-covered hills, and streams full of trout. The Lamar Valley is the perfect area to watch wildlife in their natural habitat roam.

While in Roosevelt Country stay in the rustic Roosevelt Lodge Cabins, built in the 1920's near Yellowstone's Tower Falls area. Awaken your "Old West" spirit and enjoy horseback trail rides, stagecoach adventures and the popular, Old West Dinner Cookout, where the steaks are tender, breathtaking scenery, and all are friendly.

Snow Coaching

Snow coaches are a cross between a bus and a snowmobile. These strange-looking machines provide a comfortable form of winter transportation into the park. Equipped with heaters, large windows and roof hatches, the snow coach has been transporting winter visitors into Yellowstone National Park for more than 25 years. Snow coaches are equipped with ski racks and room for other equipment. Those interested in cross-country skiing or overnight stays may want to take advantage of Yellowstone in the winter.

There are two entry locations for snow coaching in the park – West Yellowstone and Mammoth Hot Springs.

Motels and snow coach reservations must be made in advance. You may book individual seats or charter the entire coach for one day.

Snowmobiling & Cross-Country Skiing

Both cross-country skiers and snowmobilers will enjoy the 1,000 miles of trails available in Yellowstone National Park. The United States Nordic and Biathlon teams train in this beautiful area. The west entrance of the park is only minutes from West Yellowstone, a town where snowmobilers share the streets with motorists.

Reservations

For lodging, campgrounds and activities, reservations should be made well in advance of your arrival.

SUMMER RECREATION

HORSEBACK RIDING

Seeing the West from the saddle is part of the classic Montana experience. This activity is enjoyed by individuals of all ages. Several local outfitters offer a wide variety of horseback riding options in the Bozeman Area. Hourly, half-day, or full-day rides can be combined with other activities such as rafting, hunting, and photography.

Wrangler-lead expeditions include everything from leisurely rides through pine forests, sagebrush flats and hanging meadows to more rugged trips up back country switchbacks and over mountain streams. The unparalleled views of the Gallatin Valley wilderness, in addition to the wide variety of wildlife, you're likely to make this a memorable family activity.

BOATING & JET SKIING

Boating and Jet Ski enthusiasts in Bozeman are not far from fun! Ennis Lake (50 miles southwest of Bozeman) is formed by the Montana Power dam on the Madison River at the head of the Bear Trap Canyon. The lake is fairly shallow with an average depth of 8 feet, 20 feet at the deepest. This means the water is warm and just right for water sports, particularly in the morning before any afternoon winds. Canyon Ferry Lake (70 miles northwest of Bozeman) is very popular and receives the most use of any lake in Montana, due to its size and location. Canyon Ferry covers 35,181 surface acres and 76 shoreline miles. Harrison Lake (50 miles west of Bozeman), also called Willow Creek Reservoir, fills from water running down the eastern slopes of the Tobacco Roots and also offers scenic boating, waterskiing and jet skiing opportunities.

RIVER RAFTING TOURS

The Yellowstone, Gallatin and Madison Rivers, once used by Indians, trappers, and early explorers as access to the mysterious Yellowstone wilderness, now provide excellent recreation for whitewater enthusiasts coming to the Bozeman Area.

Located less than a half-hour drive southwest of Bozeman, the Gallatin River offers the most challenging rafting near Yellowstone National Park. The Gallatin is a small river that runs through a rocky canyon, providing incredible views of mountain meadows and towering cliffs. In June, when the water is high certain stretches of the river are class IV+.

For people seeking a milder experience, there are many other areas of the Gallatin that offer fun but less challenging rapids. As the water level drops, the intensity of the rapids subsides, but even in August, there are challenging and exciting stretches of this amazingly scenic and magical river. Local outfitters offer half-day and full-day trips suitable for all levels. It's recommended that only experienced boaters plan for an unguided trip down the Gallatin.

The Yellowstone River runs out of the north entrance of Yellowstone National Park, and commercial rafting is available out of Gardiner, about 1.5-hour drive southeast of Bozeman. Yellowstone is a big-volume river with rolling waves for an exciting ride. Yellowstone has a variety of different flat water stretches suitable for canoeing, rafting and kayaking.

The Madison River, located west of Bozeman has a one-day stretch of class 3-4 whitewater, through Bear trap Canyon.

Because of its remote location, this float requires an advanced shuttle. Below the Bear trap, flat water sections of the Madison are popular for tubing, canoeing, and drift boats throughout the summertime!

Don't miss an opportunity to explore all the amazing views & rivers!

LEAVE **ORDINARY** ON THE GROUND

THE NATION'S FINEST TROUT FISHING

"From the pocket water of Gallatin Canyon to the long riffles of the Madison and the classic runs of the Yellowstone, it doesn't take long for an angler to realize that southwestern Montana is home to some of the nation's finest trout fishing. Centrally located, Bozeman offers prime access to each of these blue-ribbon streams, not to mention an endless array of smaller stream and stillwater options. Native cutthroat are only in 4% of their historic range in the Missouri System and only slightly better in the Yellowstone, so I wouldn't say they are abundant. Rainbow and brown trout are. Be it winter or summer, opportunities are widespread — check with local shops for updated information on current conditions and guided trips."

—Dave McKee, Bozeman Daily Chronicle columnist

2025 NON-RESIDENT FISHING

LICENSE FEES (subject to change)

1-Day License (consecutive days): \$14,
5-Day License (consecutive days): \$66,
Season License: \$100, Conservation
License: \$10 (required to purchase
fishing or hunting licenses), Angler
Aquatic Invasive Species Prevention
Pass: \$7.50 (required to fish each year
in Montana)

FISHING LICENSE INFORMATION

Licenses can be obtained at the Fish, Wildlife and Parks office or at most fishing and sports stores. Non-residents should check with Montana Fish, Wildlife and Parks for specific licensing requirements (<https://fwp.mt.gov/fish/regulations>). If you have lived in Montana for six months or longer, you are considered a resident and may apply for a resident license with certain requirements.

LICENSE REQUIREMENTS

To fish in Montana, anglers need their conservation license, Angler Aquatic Invasive Species Prevention Pass, and a base fishing license. A conservation license is needed for anyone recreating (e.g., floaters, birdwatchers) on state lands including Fishing Access Sites. A conservation license is also required to purchase any fishing or hunting licenses that Fish, Wildlife and Parks (FWP) issues. Conservation license applicants are required to provide their social security number in addition to the information usually requested. A valid driver's license or a valid photo ID is required to purchase a license. A fishing license allows a person to fish for and possess most fish authorized by the state's fishing regulations (additional licenses are needed for paddlefish and bulltrout). It is nontransferable and nonrefundable. The license enables one to fish from March 1 through the end of February of the following year.

FISH TECHNOLOGY CENTER

A tour of this center shows dedicated staff performing research of fish cultural techniques, fish diseases, fish-fed development, and testing, broodstock diet testing, and fishery management. Technical assistance in these areas provided to federal and state fisheries agencies and the private sector throughout the United States.

4050 Bridger Canyon Rd.,
Bozeman, MT 59715 406-587-9265

CATCH & RELEASE

The practice of catch and release is one that has grown extremely popular among Montana trout fishermen. Important steps to releasing fish to minimize include using barbless hooks, keeping fish in the water while removing the fly, wetting hands before handling fish for a picture, and avoiding battling fish to exhaustion. When handling fish, cradle the trout gently with the hands under the belly and avoid squeezing fish — they do not bite! If reviving a fish is necessary, hold the fish gently with its head into the current until it swims away on its own.

MONTANA TROUT FLIES

Early Season Selection (April 1 – June 1)

NYPHHS: Black Stone Fly (#2-#4) Birch Creek (#2-#6) Prince Nymph (#10-#14)

OUTDOOR EQUIPMENT RENTALS

Floating the Madison: by far the most enjoyed activity by the locals! Floating on the river is a treasured pastime and a "must-do" when you visit the Bozeman Area. The most popular section of the Madison River Float is a relaxing and fun 6 1/2 miles. The float parallels Hwy 84 through the Madison Canyon about 24 miles west of Bozeman. The fun begins at the Warm Springs put-in and end either after 6 1/2 miles at the Blacks Ford take-out or, for a more adventurous trip, ends after 11 miles at the Greycliff camping and day-use area. If you wish to get a little more off the beaten path, try floating the Jefferson River in the Three Forks area.
