Proposals must be submitted by 2:00 pm, local time, on September 20, 2016 when they will be opened at the Division of Purchases’ aforementioned address. Proposals not received at the Division of Purchases’ aforementioned address by the aforementioned deadline will not be considered for contract award.

State of Maine – Executive Department, Office of Public Advocate
RFP #201608170
ENGINEERING SERVICES – VOLTAGE OPTIMIZATION

PART I - INTRODUCTION

A. Purpose and Background

The Office of Public Advocate (“Public Advocate,” “OPA” or “Department”) is seeking proposals to provide expert consulting services as defined in this Request for Proposals (RFP) document. This document provides instructions for submitting proposals, the procedure and criteria by which the Provider(s) will be selected, and the contractual terms which will govern the relationship between the State of Maine (“State”) and the awarded Bidder(s).

The Public Advocate is responsible for advocating reliable electric service at reasonable rates for Maine’s ratepayers. This matter involves engineering issues concerning cost savings associated with voltage optimization of the electric grid.

B. General Provisions

1. Issuance of this RFP does not commit the Department to issue an award or to pay expenses incurred by a Bidder in the preparation of a response to this RFP. This includes attendance at personal interviews or other meetings and software or system demonstrations, where applicable.
2. All proposals should adhere to the instructions and format requirements outlined in this RFP and all written supplements and amendments (such as the Summary of Questions and Answers), issued by the Department. Proposals are to follow the format and respond to all questions and instructions specified below in the “Proposal Submission Requirements and Evaluation” section of this RFP.
3. Bidders shall take careful note that in evaluating a proposal submitted in response to this RFP, the Department shall only consider materials provided in the proposal, information obtained through interviews/presentations (if any), and internal Departmental information of previous contract history with the Bidder (if any). The Department also reserves the right to consider other reliable references and publicly available information in evaluating a Bidder’s experience and capabilities. The proposal shall be signed by a person authorized to legally bind the Bidder and shall contain a statement that the proposal and the pricing contained therein will remain valid and binding for a period of 180 days from the date and time of the bid opening.
4. The RFP and the selected Bidder’s proposal, including all appendices or attachments, shall be the basis for the final contract, as determined by the Department.
5. Following announcement of an award decision, all submissions in response to this RFP will be considered public records available for public inspection pursuant to the State of Maine Freedom of Access Act (FOAA) (1 M.R.S. §§ 401 et seq.).
6. The Department, at its sole discretion, reserves the right to recognize and waive minor informalities and irregularities found in proposals received in response to this RFP.
7. The State of Maine Division of Purchases reserves the right to authorize other Departments to use the contract(s) resulting from this RFP, if it is deemed to be beneficial for the State to do so.
8. All applicable laws, whether or not herein contained, shall be included by this reference. It shall be Proposer’s/Vendor’s responsibility to determine the applicability and requirements of any such laws and to abide by them.

C. Eligibility to Submit Bids

Public agencies, private for-profit companies, and non-profit companies and institutions are invited to submit bids in response to this Request for Proposals.

D. Contract Term

The Department is seeking a cost-efficient proposal to provide services, as defined in this RFP, for the anticipated contract period defined in the table below. Please note that the dates below are estimated and may be adjusted as necessary in order to comply with all procedural requirements associated with this RFP and the contracting process. The actual contract start date will be established by a completed and approved contract.

Contract Renewal: Following the initial term of the contract, the Department may opt to renew the contract for one renewal period of one year, subject to continued availability of funding and satisfactory performance.

The term of the anticipated contract, resulting from this RFP, is defined as follows:

Period	Start Date	End Date
Initial Period of Performance	October 10, 2016	October 9, 2017
Renewal Period #1	October 10, 2017	October 9, 2018

E. Number of Awards

The Department anticipates making one award as a result of this RFP process.

PART II SCOPE OF SERVICES

A. BACKGROUND. The Department is involved in a docket at the Maine Public Utilities Commission (MPUC) that requires the expertise of an electrical engineer. The case will address “voltage optimization” as a way to reduce T&D system costs. The Department seeks an engineering consultant to assist in this docket.

B. DESCRIPTION OF SERVICES. The successful Bidder will be expected to provide the following services to be performed at the discretion of and with input from the Department:

1. Assist the Department in a voltage optimization case due to commence at the Commission in September, 2016. The Notice of Proceeding for this case can be found on the MPUC’s Case Management System webpage under Docket No. 2016-00162:
<http://www.state.me.us/mpuc/online/index.shtml>

C. SPECIFIC DESCRIPTION OF TASKS. The general issues shall be addressed in terms of the following task:

With respect to B.1. above: Provide the Department with expert engineering analysis and testimony concerning the development of a pilot program to test the viability and cost-effectiveness of voltage optimization as a cost-saving tool. This may entail research and analysis of emerging technologies.

D. MANNER OF PERFORMANCE OF THE WORK. In performing the task described above, the successful Bidder will be expected at all times to:

1. Communicate with the Public Advocate on a regular basis as to the progress of the work and the results of that work.
2. Prepare for the Public Advocate's review drafts of all written materials to be employed in discovery or litigation, sufficiently in advance of the time that they must be submitted to the Commission to allow the Public Advocate to review the work, pose additional questions, or discuss issues or problems in greater detail.
3. Assist the Public Advocate in proposing reasonable schedules and deadlines to the Commission for each stage of the proceedings, complete all work in accordance with such timetables or deadlines for the processing of the case as the Commission may impose.

E. BILLING. Invoices for work performed shall be detailed specific to allow evaluation of charges billed in light of the tasks required by the RFP and any awarded contract.

PART III - KEY RFP EVENTS

A. Timeline of Key RFP Events

Event Name	Event Date and Time
Due Date for Receipt of Written Questions	September 13, 2016 at 5:00pm, local time
Due Date for Receipt of Proposals	September 20, 2016 at 2:00pm, local time
Estimated Contract Start Date (subject to change)	October 10, 2016

B. Questions

1. General Instructions

- a. It is the responsibility of each Bidder to examine the entire RFP and to seek clarification in writing if the Bidder does not understand any information or instructions.
- b. Questions regarding the RFP must be submitted in writing and received by the RFP Coordinator listed on the cover page of this RFP document as soon as possible but no later than the date and time specified in the timeline above.
- c. Questions may be submitted by e-mail, and include the RFP Number and Title in the subject line. The Department assumes no liability for assuring accurate/complete/on time e-mail transmission and receipt.
- d. Include a heading with the RFP Number and Title. Be sure to refer to the page number and paragraph within this RFP relevant to the question presented for clarification, if applicable.

2. Summary of Questions and Answers

Responses to all substantive and relevant questions will be compiled in writing and distributed to all registered, interested persons by e-mail no later than seven (7) calendar days prior to the proposal due date. Only those answers issued in writing by the RFP Coordinator will be considered binding. The Department reserves the right to answer or not answer any question received.

C. Submitting the Proposal

1. **Proposals due:** Proposals must be received no later than 2:00 p.m. local time, on the date listed in the timeline above, at which point they will be opened. Proposals received after the 2:00 p.m. deadline will be rejected without exception.
2. **Mailing/Delivery Instructions**
PLEASE NOTE: The proposals are not to be submitted to the RFP Coordinator at the requesting Department. The official delivery site is the State of Maine Division of Purchases (address shown below).
 - a. Only proposals received at the official delivery site prior to the stated deadline will be considered. Bidders submitting proposals are responsible for allowing adequate time for delivery. Proposals received after the 2:00 p.m. deadline will be rejected without exception. Postmarks do not count and fax or electronic mail transmissions of proposals are not permitted unless expressly stated in this RFP. Any method of hardcopy delivery is acceptable, such as US Mail, in-person delivery by Bidder, or use of private courier services.
 - b. The Bidder must send its proposal in a sealed package including **one (1) original and three (3) copies** of the complete proposal. Please clearly label the original. One electronic copy of the proposal must also be provided on a flash drive with the complete narrative and attachments in MS Word format. Any attachments that cannot be submitted in MS Word format may be submitted as Adobe (.pdf) files.

- c. Address each package as follows (and be sure to include the Bidder's full business name and address as well as the RFP number and title):

Bidder Name/Return Address

Re: RFP #201608170 Engineering Services – Voltage Optimization

PART IV - PROPOSAL SUBMISSION REQUIREMENTS

This section contains instructions for Bidders to use in preparing their proposals. The Bidder's proposal must follow the outline used below, including the numbering and section and sub-section headings as they appear here. Failure to use the outline specified in this section or to respond to all questions and instructions throughout this document may result in the proposal being disqualified as non-responsive or receiving a reduced score. The Department and its evaluation team for this RFP have sole discretion to determine whether a variance from the RFP specifications should result in either disqualification or reduction in scoring of a proposal. Rephrasing of the content provided in this RFP will, at best, be considered minimally responsive. The Department seeks detailed yet succinct responses that demonstrate the Bidder's experience and ability to perform the requirements specified throughout this document.

A. Proposal Format

1. For clarity, the proposal should be typed or printed. Proposals should be single-spaced with 1" margins on white 8 ½" x 11" paper using a font no smaller than 12 point Times New Roman or similar.
2. All pages should be numbered consecutively beginning with number 1 on the first page of the narrative (this does not include the cover page or table of contents pages) through to the end, including all forms and attachments. For clarity, the Bidder's name should appear on every page, including Attachments. Each Attachment must reference the section or subsection number to which it corresponds.
3. Bidders are asked to be brief and to respond to each question and instruction listed in the "Proposal Submission Requirements" section of this RFP. Number each response in the proposal to correspond to the relevant question or instruction of the RFP. The proposal should be limited to a maximum total of 10 pages. Pages provided beyond the aforementioned maximum amount will not be considered during evaluation.
4. The following proposal elements, if applicable/requested, will not be counted as part of the maximum total number of pages allowed for the proposal: proposal cover page, table of contents, financial forms, any required attachments, appendices, or forms provided by the Department in the RFP, organizational charts, job descriptions, or staff résumés.
5. The Bidder may not provide additional attachments beyond those specified in the RFP for the purpose of extending their response. Any material exceeding the proposal limit will not be considered in rating the proposals and will not be returned. Bidders shall not include brochures or other promotional material with their proposals. Additional materials will not be considered part of the proposal and will not be evaluated.
6. Include any forms provided in the application package or reproduce those forms as closely as possible. All information should be presented in the same order and format as described in the RFP.
7. It is the responsibility of the Bidder to provide all information requested in the RFP package at the time of submission. Failure to provide information requested in this RFP may, at the discretion of the Department's evaluation review team, result in a lower rating for the incomplete sections and may result in the proposal being disqualified for consideration.
8. Bidders should complete and submit the proposal cover page provided in Appendix A of this RFP and provide it with the Bidder's proposal. The cover page must be the first page of the proposal package. It is important that the cover page show the specific information requested, including Bidder address(es) and other details listed. The proposal cover page shall be dated and signed by a person authorized to enter into contracts on behalf of the Bidder.

B. Proposal Contents

Section I Organization Qualifications and Experience

1. Description of the Organization

Present a detailed statement of qualifications and summary of relevant experience. If subcontractors are to be used, provide a list that specifies the name, address, phone number, contact person, and a brief description of the subcontractors' organizational capacity and qualifications.

2. Organizational location and Qualifications

- a. Location of the corporate headquarters. Also, describe the current or proposed location where services will be provided or from which the contract will be managed.
- b. Attach documentation of any applicable Maine licensure requirements (or any specific credentials required).
- c. Attach a certificate of insurance on a standard Acord form (or the equivalent) evidencing the Bidder's general liability, professional liability and any other relevant liability insurance policies that might be associated with this contract.

3. Organizational Experience

Briefly describe the history of the Bidder's organization, especially regarding skills pertinent to the specific work required by the RFP and any special or unique characteristics of the organization which would make it especially qualified to perform the required work activities. Include similar information for any subcontractors. Please identify the person or persons who would perform the work and provide a biography of each person taking primary responsibility for the completion of one or more of the identified tasks.

4. Description of Experience with Similar Projects

- a. Provide a description of up to three projects that occurred within the past five years which reflect experience and expertise needed in performing the functions described in the "Scope of Services" portion of this RFP. For each of the examples provided, include a sample or samples of the work product that demonstrate the ability of the person(s) to carry out the work successfully and effectively. A contact person from the client organization involved should be listed, along with that person's telephone number. Please note that contract history with the State of Maine, whether positive or negative, may be considered in rating proposals even if not provided by the Bidder.
- b. If the Bidder has not provided similar services, note this, and describe experience with projects that highlight the Bidder's general capabilities.

Section II Specifications of Work to be Performed

1. Services to be Provided

Discuss the Scope of Services referenced above in this RFP and what the Bidder will offer. Give particular attention to describing the methods and resources you will use and how you will accomplish the tasks involved. If subcontractors are involved, clearly identify the work each will perform.

Section III Cost Proposal

1. General Instructions

- a. The Bidder must submit a cost proposal that covers the entire period of the contract. Please use the expected contract start date of October 10, 2016 and an end date of October 9, 2017 in preparing this section.

- b. The cost proposal(s) shall include the costs necessary for the Bidder to fully comply with the contract terms and conditions and RFP requirements. Bidders shall include an hourly rate for each individual who may work on the awarded contract.
- c. Failure to provide the requested information may result in the exclusion of the proposal from consideration, at the discretion of the Department.
- d. No costs related to the preparation of the proposal for this RFP or to the negotiation of the contract with the Department may be included in the proposal. Only costs to be incurred after the contract effective date that are specifically related to the implementation or operation of contracted services may be included.

2. Cost Proposal Form Instructions

The Bidder should fill out Appendix B, following the instructions detailed here and in the form.

PART V - PROPOSAL EVALUATION AND SELECTION

Evaluation of the submitted proposals shall be accomplished as follows:

A. Evaluation Process - General Information

1. An evaluation team, comprised of qualified reviewers, will judge the merits of the proposals received in accordance with the criteria defined in the RFP, and in accordance with the most advantageous cost and economic impact considerations (where applicable) for the State.
2. Officials responsible for making decisions on the selection of a contractor shall ensure that the selection process accords equal opportunity and appropriate consideration to all who are capable of meeting the specifications. The goals of the evaluation process are to ensure fairness and objectivity in review of the proposals and to ensure that the contract is awarded to the Bidder whose proposal best satisfies the criteria of the RFP at a reasonable/competitive cost.
3. The Department reserves the right to communicate and/or schedule interviews/presentations with Bidders if needed to obtain clarification of information contained in the proposals received, and the Department may revise the scores assigned in the initial evaluation to reflect those communications and/or interviews/presentations. The Department reserves the right to make video or audio recordings of any applicable interview/presentation process. Interviews/presentations are not required, and changes to proposals will not be permitted during any interview/presentation process. Therefore, Bidders should submit proposals that present their costs and other requested information as clearly and completely as possible.

B. Scoring Weights and Process

1. **Scoring Weights:** The score will be based on a 100 point scale and will measure the degree to which each proposal meets the following criteria.

Section I. Organization Qualifications and Experience (50 points)

Includes all elements addressed above in Part IV, Section B I.

Section II. Specifications of Work to be Performed (25 points)

Includes all elements addressed above in Part IV, Section B II.

Section III. Cost Proposal (25 points)

Includes all elements addressed above in Part IV, Section B III.

2. **Scoring Process:** The review team will use a consensus approach to evaluate the bids. Members of the review team will not score the proposals individually but instead will arrive at a consensus as to assignment of points on each category of each proposal. The contract award(s) will be made to the Bidder(s) receiving the highest number of evaluation points, based upon the proposals' satisfaction of the criteria established in the RFP. The Cost section will be scored according to a mathematical formula described below.
3. **Scoring the Cost Proposal:** The total cost proposed for conducting all the functions specified in this RFP will be assigned a score according to a mathematical formula. The lowest bid will be awarded 25 points. Proposals with higher bids values will be awarded proportionately fewer points calculated in comparison with the lowest bid.

The scoring formula is:

(lowest submitted total project cost proposal / total project cost of proposal being scored) x 25 =
pro-rated score

No Best and Final Offers: The State of Maine will not seek a best and final offer (BAFO) from any Bidder in this procurement process. All Bidders are expected to provide their best value pricing with the submission of their proposal.

- 4. Negotiations:** The Department reserves the right to negotiate with the successful Bidder to finalize a contract at the same rate or cost of service as presented in the selected proposal. Such negotiations may not significantly vary the content, nature or requirements of the proposal or the Department's Request for Proposals to an extent that may affect the price of goods or services requested. The Department reserves the right to terminate contract negotiations with a selected respondent who submits a proposed contract significantly different from the proposal they submitted in response to the advertised RFP. In the event that an acceptable contract cannot be negotiated with the highest ranked Bidder, the Department may withdraw its award and negotiate with the next-highest ranked Bidder, and so on, until an acceptable contract has been finalized. Alternatively, the Department may cancel the RFP, at its sole discretion.

C. Selection and Award

1. The final decision regarding the award of the contract will be made by representatives of the Department subject to approval by the State Purchases Review Committee.
2. Notification of contractor selection or non-selection will be made in writing by the Department.
3. Issuance of this RFP in no way constitutes a commitment by the State of Maine to award a contract, to pay costs incurred in the preparation of a response to this request, or to pay costs incurred in procuring or contracting for services, supplies, physical space, personnel or any other costs incurred by the Bidder.
4. The Department reserves the right to reject any and all proposals or to make multiple awards.

D. Appeal of Contract Awards

Any person aggrieved by the award decision that results from this RFP may appeal the decision to the Director of the Bureau of General Services in the manner prescribed in 5 MRSA § 1825-E and 18-554 Code of Maine Rules, Chapter 120 (found here: <http://www.maine.gov/purchases/policies/120.shtml>). The appeal must be in writing and filed with the Director of the Bureau of General Services, 9 State House Station, Augusta, Maine, 04333-0009 within 15 calendar days of receipt of notification of contract award.

PART VI - CONTRACT ADMINISTRATION AND CONDITIONS

A. Contract Document

1. The successful Bidder will be required to execute a contract in the form of a State of Maine Agreement to Purchase Services (BP54). A list of applicable Riders is as follows:

Rider A: Specification of Work to be Performed

Rider B: Method of Payment and Other Provisions

Rider C: Exceptions to Rider B

Rider D: (optional; for use by Department)

Rider E: (optional; for use by Department)

Rider G: Identification of Country in Which Contracted Work Will Be Performed

The complete set of standard BP54 contract documents may be found on the Division of Purchases website at the following link: <http://www.maine.gov/purchases/info/forms/BP54.doc>

Other forms and contract documents commonly used by the State can be found on the Division of Purchases website at the following link: <http://www.maine.gov/purchases/info/forms.shtml>

2. Allocation of funds is final upon successful negotiation and execution of the contract, subject to the review and approval of the State Purchases Review Committee. Contracts are not considered fully executed and valid until approved by the State Purchases Review Committee and funds are encumbered. No contract will be approved based on an RFP which has an effective date less than fourteen (14) calendar days after award notification to Bidders. (Referenced in the regulations of the Department of Administrative and Financial Services, Chapter 110, § 3(B)(i): <http://www.maine.gov/purchases/policies/110.shtml>)

This provision means that a contract cannot be effective until at least 14 days after award notification.

3. The Department estimates having a contract in place by October 10, 2016. The State recognizes, however, that the actual contract effective date depends upon completion of the RFP process, date of formal award notification, length of contract negotiation, and preparation and approval by the State Purchases Review Committee. Any appeals to the Department's award decision(s) may further postpone the actual contract effective date, depending upon the outcome. The contract effective date may need to be adjusted, if necessary, to comply with mandated requirements.
4. In providing services and performing under the contract, the successful Bidder shall act independently and not as an agent of the State of Maine.

B. Standard State Agreement Provisions

1. Agreement Administration

- a. Following the award, an Agreement Administrator from the Department will be appointed to assist with the development and administration of the contract and to act as administrator during the entire contract period. Department staff will be available after the award to consult with the successful Bidder in the finalization of the contract.
- b. In the event that an acceptable contract cannot be negotiated with the highest ranked Bidder, the Department may withdraw its award and negotiate with the next-highest ranked Bidder, and so on, until an acceptable contract has been finalized. Alternatively, the Department may cancel the RFP, at its sole discretion.

2. Payments and Other Provisions

The State anticipates paying the Contractor on the basis of net 30 payment terms, upon the receipt of an accurate and acceptable invoice. An invoice will be considered accurate and acceptable if it contains a reference to the State of Maine contract number, contains correct pricing information relative to the contract, and provides any required supporting documents, as applicable, and any other specific and agreed-upon requirements listed within the contract that results from this RFP.
